Cesar Millan Lessons From A Pack Leader

Thursday, March 27, 2008
Clark State Performing Arts Center
Kuss Auditorium

Cesar Millan

With an Emmy-nominated show on National Geographic Channel, a best-selling book, and sold-out seminars, Cesar Millan continues to add accolades to a career spanning more than 20 years, as one of the most sought-after experts in dog psychology. From timid Great Danes to bullying Chihuahuas to “last chance” mixed-breeds, this “Dr. Phil for dogs” is renowned for his uncanny ability to communicate with canines and see the world through their eyes.

Cesar’s unique “Power of the Pack” methodology comes from his keen understanding of canine pack behavior. While most dog trainers relate to one animal at a time, Cesar often uses the pack itself—the natural social unit for canines—to rehabilitate a wayward dog. He demonstrates this with his own pack of up to 50 dogs, including rescued Rottweilers, Pit Bulls, and German Shepherds that are able to live together harmoniously.

Cesar first captured the national spotlight when his National Geographic Channel (NGC) series Dog Whisperer premiered in 2004. Now in its fourth season, the show was nominated for a 2006 Emmy® Award for “Outstanding Reality Program.”

In the Spring of 2005, he published *Cesar’s Way* (Harmony Books, 2006), which topped The New York Times bestseller list.

Cesar lives in Los Angeles with his family—wife Ilusion, and sons, Cesar and Calvin—all of whom help him in his work.

Introducing.....our community's first
Psychiatric Service Dog!

VELVET

Our community is honored to introduce its first Psychiatric Service Dog (PSD), thanks to the efforts of a highly motivated individual who doesn't let mental illness get in her way. The PSD was awarded through a ground breaking grant from the Bureau of Vocational Rehabilitation.

PSDs serve as constant companions and are trained to help alleviate the challenges of living with mental illness. This multi-talented Black Russian Terrier will assume additional roles as a physical Mobility Service Dog and eventually a therapy dog to bring comfort to others. The intensive two year training will be undertaken jointly by her owner/teammate and professional handlers.

The PSD Team Leader is extremely grateful to everyone who has helped her achieve this pioneering dream. She plans to assist others in the country obtain grants for PSDs as a result of her experience.

More detailed information about how PSDs assist is available at www.psychdog.org Keep your eyes peeled for this Dynamic Duo as they forge their way through uncharted territory in our community..... together!

Become A Friend of the Library

The Friends of the Library is an organization that meets throughout the year to support the Clark County Public Library and its many programs and services. Each year the Friends hold a book sale and the proceeds, along with membership dues, provide funds to support the Library. The Friends use those funds to assist in financing travelling Library exhibits, support the Summer Reading Program, and provide annual recognition awards to members of the community who have helped advance community literacy.
